BUSINESS UNIT BREAKDOWN

ENV. & CIRC. Business

- Expansion of its service portfolio, complementing the existing offer with a new platform of Clean Tech solutions supported by investments in innovative treatment and recycling plants (“Verticals”), as well as the implementation of consortium management to other waste classes in an EPR perspective.

EE & RES Business

- B2B, B2C and PA
- PV Pipeline valorisation:
 - sale of the authorization;
 - sale of the plant ready to produce (also thanks to ESI S.p.A.)
 - proprietary asset management distributing the energy produced thanks to Frisbi S.r.l. .

NET FINANCIAL POSITION

According to estimates, a **strong exponential growth of cash & cash equivalents is expected, projected to increase from just €10million to 24 million by 2026**. This, combined with a general contraction in the balance of financial debts and credits, would result in a significant reduction in the net financial position, **decreasing by more than €35 million; dropping from 46 million to 10 million over the span of three years.**
